Wilfrid Laurier University

Singing Faith in Community

Monday, Nov. 13 | 7pm

PROGRAM

This workshop draws from practices and postures of an a cappella congregational singing tradition to provide perspectives that can help enable the congregation's voice in accompanied traditions. Considerations will include strengths and challenges of incorporating unaccompanied singing in worship settings, examining textural priority (congregation vs. organ vs. choir, etc.), use of physical space, leadership strategies, formative patterns, congregational buy-in, and listening tips. Workshop leader: Wendell Glick, PhD.

LOCATION

W-K United Mennonite Church, 15 George St., Waterloo, ON N2J 1K6
