Money, Values & Me 2015

Conversations with Nathan Dungan (President, *Share Save Spend*)

SATURDAY, FEBRUARY 28, 2015

Mark your calendars! This one-day conference will be held in Ottawa on **Saturday, February 28, 2015**. In his interactive plenary sessions, Nathan will address three key topics:

- ✓ **North American consumer culture**
(embracing an attitude of scarcity or an attitude of abundance?)
- ✓ **Share Save Spend:** a balanced and practical approach to financial decisions
(connecting faith with everyday living)
- ✓ **Implications for congregations**
(fostering a lifestyle of stewardship and a spirit of generosity)

Conversations about money within faith communities encourage personal spiritual growth and generosity, laying a foundation for personal and parish stewardship. Participants will be provided with approaches and tools to continue the conversation in their congregations.
