

REFLECTION QUESTIONS

**Please Consider the Following Questions Before
Joining Each Session of the Landback Study**

Sess. 1	Based on the course so far, how would you personally define Landback?
Sess. 2	Despite the theory and practice of Indigenous consent, there are challenges when it comes to enforcement. What challenges can you imagine?
Sess. 3	Can you identify one significant natural resource development project within your region or province?
Sess. 4	Based on the [video in 'A New Kind of Mining'], what are your thoughts on the conversation?
Sess. 5	Consider the implications if Canadians and industry were required to abide by an Indigenous consent protocol or permitting system for access to land.
Sess. 6	Can you identify any challenges or limitations to the recommendations listed in the UN report ?
Sess. 7	What connections can you see between Land Back in the city and the ideas of consent, denial, recognition, and reclamation?
