

Dear Friend of the Environment,

The Climate Justice Committee of the Eastern Synod needs your help with the Call for Climate campaign. You may not be aware that the Canadian government spent \$29.6 billion in fossil fuel subsidies in 2024. That does not even include the tax credits given to these large corporations. We are asking supporters to write to the Minister of the Environment, Climate Change and Nature Julie Dabrusin demanding fiscal responsibility by eliminating fossil fuels subsidies. This can be done by email or letter. A template is provided; feel free to modify it using your own language and facts which speak to you.
